ARTICLE 1. APPLICATION FIELDS

The present general terms and conditions apply to all lift Passes (hereinafter referred to as “Pass(es)”) opening access and giving access to the ski area of Les 2 Alpes and to recreational and winter sports activities (hereinafter referred to as the “Winter Activity (s)”), other than the sale of Passes, sold by the company Deux Alpes Loisirs.

The present general terms and conditions are applicable and valid from 03 September 2020 and valid exclusively for the winter season and the All Saint’s Period, if open.

The terms of sale of Ski Lift Passes and Summer Activities valid for the summer season are defined in a separate document.

These general terms and conditions are supplemented by the General Terms and Conditions of Use of Lift Passes, attached.

Regarding online purchases of Passes (website, terminals for purchase / reloading or tablets), they are supplemented by Specific Online Sales Conditions displayed on the corresponding sales channel.

It is specified that Winter Activities are not commercialised online

Should any provision herein be found lacking, it shall be deemed to be governed by the current applicable practices in the ski lift industry, for companies whose registered office is located in France.

The purchase of a Pass and/or the purchase of a Winter Activity implies that the individual (hereinafter referred to as “Client(s)”) has full knowledge of and accepts all the present general terms and conditions, without prejudice to usual methods of recourse.

These conditions concern exclusively natural persons characterised as consumers as defined by the preliminary article of the Consumer Code.

The Client acknowledges responsibility to remain informed of the categories of Passes, of the Winter Activities, and proposed tariffs and to select the most suitable option according to his needs. Under no circumstance can the Seller be held liable for the Client’s choice.

Remind: These general conditions of sale may be subject to subsequent modifications, the version applicable to the purchase of the customer is that in force on the day of the conclusion of the contract

ARTICLE 2. GENERAL TERMS OF SALE OF LIFTS PASSES**Article 2.1. Description of the passes**

The duration of a Pass stating the number of days implies "consecutive days" on a dated period.

However, may also be offered for sale:

- "Consecutive hours Passes": The number of hours shall be counted continuously, in a consecutive manner, from the first passage at the first access point. If, upon the closure of the ski lifts, the time credit has not been completely used, the remaining credit cannot be carried over to a later date, nor refunded or exchanged
- "Non-dated Passes, and non-consecutive day Passes": their validity period covers and is limited to the ongoing winter season. At the conclusion of the aforementioned season, should any day credit remain, it cannot be carried over to a subsequent season, nor refunded or exchanged

in accordance with the tariff guides referred to in **Article 2.4.1.**

The issuance of each Pass with the exception of the issue of one-way Pedestrian Pass on the lift of La Côte, , results in a **proof of purchase**, which states the ski area and **Pass** category (adult, child, etc.), the validity period, the Ski-card **ski pass** number and, if applicable, the insurance policy number.

This **proof of purchase**, and if applicable any proof of the purchase of one-way Pedestrian Pass on the lift of La Côte, must imperatively be retained by the Client, who must present it to the Seller upon demand in case of inspection or specific circumstances (e.g. emergency, loss or theft of Pass, unauthorised use, a complaint...).

The Seller, in his capacity as an Intermediary Insurance Agent, proposes the purchase of an **"Assur'Gliss" insurance policy** to the Client, in addition to the Pass purchase. The policy is subject to the insurance conditions, at the Client’s disposal at points of sale or downloadable either directly from its website: www.assurglisse.com or through a hypertext link on the Website of the Seller (www.skipass-2alpes.com).

ARTICLE 2.2. Physical medium of passes

The Pass shall be issued on a physical medium (hereinafter "Ski-Card") which mentions a number what is referred to as a "Ski-card number". The Pass is composed of a physical medium encoded with a ski pass and a proof of purchase.

These are so-called "hands free" Passes, edited on reloadable "chip cards", and to trigger the turnstile of the access points to the lifts

It is a rechargeable and reusable card one or more times, within the limit of three (3) years. This card incorporates a chip on which is encoded or loaded the ticket.

Ski cards in proper working order may be recharged by the Client at physical points of sale of the Seller, on the website of the Seller (www.skipass-2alpes.com), or on tablets and automatic kiosks available at certain points of sale.

If the Client does not possess a physical card, the ski-card is available for purchase at the price of two euros per unit, all taxes included (€2 including all taxes). The physical card is non-refundable and is guaranteed for three (3) years.

By way of exception, one-way Pedestrian Pass on the lift of La Côte, purchased in points of sale are issued for free in disposable format.

No new passes can be registered if the initial pass encoded on the physical card has not expired. Should this occur, by default, the initial pass will be irrevocably cancelled and the Client cannot claim any compensation.

The title-holder of a physical pass does not benefit from any reduction on the price of the ski lift pass if he recharges it at a point of sale or online.

Article 2.3. Photographs of the client

To obtain "season" Passes, and "free" passes for persons under 5 years old or age 72 and over, the Client must present a recent form of photo ID, clearly showing the Client's face without sunglasses or head covering.

The photo will be kept by the Seller in the IT ticketing system to facilitate possible recharging or reissuing of Passes, unless the Client objects to such a practice (see "Protection of Personal Data").

Article 2.4. Tariffs & payment methods

2.4.1. Tariffs

The public tariffs for ski passes, Ski-card and ASSUR'GLISS insurance are posted at the Seller's points of sale and on the website www.skipass-2alpes.com. Tariff guides are also available at the points of sale and Offices of Tourism.

These tariffs are expressed in Euros per person and include all taxes; they are established based on applicable taxes at the time

of sale and are subject to any possible changes in tax rates that may subsequently occur.

Discounts and complementary products are offered to different categories of persons according to the conditions displayed at points of sale or on the website. These discounted or free products are granted upon presentation of official ID documents to justify the special tariff. Photocopies of ID will not be accepted. No discounts or complementary products shall be granted after the purchase.

All discounts will be applied based on the "solo or individual adult fare" and cannot be combined with any other offer or promotion in progress.

Moreover, certain offers or promotions may be exclusively available and/or reserved for specific sales channels (e.g. the website).

In all cases, the age of the Client to take into consideration shall be determined by the person's age on the day of the beginning of validity of the Pass to be issued.

2.4.2. Payment methods

All Passes issued require payment of the corresponding tariff.

These payments are to be made in Euros either by cheque drawn from a French bank account, payable to the order of the Seller, or in cash within the limits of regulatory caps (see Articles L112-6 and D112-3 of the Monetary and Financial Code); by bank card accepted by the Seller or by holiday vouchers of the ANCV (French National Holiday Voucher Agency). For all payments by cheque, a valid form of ID must be presented.

Article 2.5 Terms of use for the automated machines

The automated machines offer the purchase and/or reloading of the Passes specified on these machines, and are available to Clients in some points of sale outlets. Payment can only be made by card via an automatic payment terminal.

Only some Passes, those without photos and at the public rate, can be issued by these machines.

Article 2.6. Interruption of ski lift operation

Only Passes which have been acquired and paid directly by the Clients to the Seller may give rise to compensation

2.6.1. If the Client has a "half-day" or "one (1) day" Pass

The Operator offers discounted rates on the "½ day" or "1 day" Pass, in the event of unfavorable weather and snow conditions having a significant impact on the opening conditions of the lifts. (see conditions at the cash desk)

2.6.2. If the Client has a "Stay" Pass of 2 days or more, consecutive days, excluding "season" Pass

If the Client has a "Stay" Pass (= 2 days or more Pass, consecutive days, excluding "season" Pass), only in the case of an interruption of at least four consecutive hours and an interruption of more than eighty percent (80%) of the lifts during the period and sites to which the Pass provides access - and except in cases of force majeure - will the Seller consider compensation for damage incurred by the Client.

In such an event, whether the Pass has been purchased on the Internet Website or a point of sale, the Customer can make a compensation request:

- Via the application form for compensation available in the Internet at the address: <https://www.ticketoski.fr/fr/deux-alpes>
- or by going directly to a point of sale.

Once the triggering thresholds in § 1 have been reached, the compensation is determined based on the number of days during which the Client was unable to use his Pass due to the interruption of service. In all cases, the last day taken into consideration will be the expiration date of the validity of the pass concerned.

The client may choose compensation among the options listed below (The Client's choice is irrevocable and cannot be called into question for any reason whatsoever):

1. **Extension** of the validity period of the Pass in question by issuing a new Pass of the same type and of a duration equal to the number of compensable days as defined above (which shall begin on the day after expiration of the initial Pass, or from the first day of the resumption of service, if later than this date);
2. Receipt of a **credit voucher**, to use during the current winter season (N), or during the Toussaint period of the current year (N) if the ski area is open, or during the summer season following the current one (N + 1), or during the winter season following the current one (N+1), excluding the summer season of the year following the current year (N+1). This credit is of an amount corresponding to the calculation detailed in point 3 below.
NB : On the Toussaint period, receipt of a credit voucher to use during the current Toussaint period (N), or during the Toussaint period of the year following the current year (N+1)
3. **Reimbursement**, calculated on a pro-rata basis, according to the number of days the lifts were interrupted. (For example: for an interruption of more than 80% of the ski lifts as defined above for three (3) days, a Client titleholder of a six (6) day Pass will be reimbursed for 3/6^{ths} of the purchase price of the Pass).

Failing this, reference should be made to the general sales conditions of the entity that sold the Pass.

The Client cannot claim any amount or benefit exceeding the chosen compensation.

The compensation request, accompanied by the relevant documents (the original Pass and proof of purchase), must be

provided to the Operator, in compliance with the procedure defined in **Article 4.1** below.

Compensation shall be rewarded no later than two (2) months following the receipt of all documents relating to the compensation request.

Article 2.7. Reimbursement

If Passes issued are unused or not fully consumed, they cannot be reimbursed or exchanged, except in circumstances detailed in **Article 2.5** above.

The Client may subscribe to specific insurance which covers this type of risk and may also cover rescue fees in the event of an accident on the ski slopes or lifts. All related information is available at points of sale.

Insured for professional indemnity, under the conditions provided for in Article L220-1 of the Insurance Code, with Allianz IARD - 1, cours Michelet- CS 30051 - 92076 Paris La Défense Cedex.
Orias registration number : in to process for being awarded.

Hereinafter referred to as the "Operator".

ARTICLE 1. GENERAL INFORMATION

The present general terms and conditions apply to all lift Passes (hereinafter referred to as "Pass(es)") issued by the Operator, opening access to the ski area of Les 2 Alpes and to recreational and winter sports activities (hereinafter referred to as the "Winter Activity (s)"), other than the sale of Passes, sold by the company Deux Alpes Loisirs.

The present general terms and conditions shall be valid **from 03 September 2020** and valid only for the winter season and the **Toussaint period**.

The Terms and Conditions of Sale for Passes valid for the summer season are defined in a separate document.

The present general conditions are supplemented by the General Terms and Conditions of Sale of the entity that engages in the sale of the Pass to the User.

Should one of the provisions of these terms and conditions fail to be met, it will be deemed governed by the current practices in force in the ski lift industry and for companies whose registered office is located in France.

The acquisition of a Pass implies that the individual (hereinafter referred to as the "User") has full knowledge of and accepts all the present general terms and conditions, without prejudice to common forms of legal recourse.

IMPORTANT:

Every **Pass** issued, with the exception of the issue of single trip Pedestrian Pass on the La Côte ski lift, shall result in the delivery of a **proof of purchase** upon which the ski area and **Pass** category (adult, child etc.), its validity period, its physical medium number and any possible insurance subscription are mentioned.

This **proof of sale** and, if applicable, any proof of purchase of a Pedestrian single trip Pass on the La Côte ski lift, must imperatively be retained by the User, who must present it to the Operator in the event of an inspection as well as to support any request (e.g. loss or theft of a Pass, an emergency, improper use, a complaint...).

The Pass is strictly personal and non-transferable, unless the Pass corresponds to the shortest duration on the price list. The User is therefore responsible for retaining his Pass to ensure it cannot be used by a third party.

ARTICLE 2. INSPECTION OF PASSES

Every Pass issued on a numbered physical medium (card) shall be used for a predetermined validity period and age category. The information on the card regarding the validity of the Pass has no contractual value. Only the information mentioned on the proof of purchase on the microchip of the physical medium shall be binding.

All Passes allow free usage of the ski lifts in the authorised ski area during the validity period issued, without any priority of any kind.

The validity area of the Pass is defined on the slopes map for the relevant winter season and during the ski lift opening hours, displayed at the Operator's points of sale and/or at the ski lift departure area, **subject to meteorological and snow conditions.**

The Pass (accompanied by the **proof of purchase**) must be retained by the User during all transport via ski lift, from departures through arrivals, so it can be detected by the automatic control system or presented to any Inspector, duly appointed by the Operator.

It is specified that to be able to use the ski lifts, the User who has purchased a Pass must:

- be expressly qualified as an authorized person to access to the ski lift by the police regulations of the ski lift (s) concerned, if necessary with an MTB that can be transported in accordance with the said police regulations (see the regulations posted at the start of the ski lifts);
- Have a Pass allowing him to access the ski lift concerned.

If the Inspector discovers a User unable to present his Pass, using an invalid Pass or disregarding the policy regulations displayed at ski lift points, the offender can regularise the situation through an immediate transaction of payment of a lump sum in addition to applicable fees for the ski pass.

Payment of this lump sum can equal up to five (5) times the value of the Day Ski Pass, in accordance with applicable

regulations (Articles L342-15, R342-19 and R342-20 of the Tourism Code and Articles 529-3 et al. of the Code of Criminal Procedure).

Inspectors can demand the presentation of any documents justifying the tariff benefits granted to the User and Pass-holder in case of a reduced tariff or complementary Pass. The various age categories are systematically verified at ski lift points, signified by different illuminated colours.

If the offender is unable or unwilling to immediately pay the sum required, therein refusing to complete the transaction, an official report of the offense shall be written up by the Inspector. Should the User fail to make an immediate payment directly to the Inspector, the latter has the right to demand justification of the identify and address of the offender.

If the offender refuses or is unable to justify his identity, the inspector shall immediately report the fact to any competent officer of the national police or national gendarmerie of the appropriate jurisdiction, who may then order the offender to present it immediately.

The procedure described in the preceding paragraph shall be terminated immediately if the offender proceeds to pay all the required fees related to the transaction. A lump sum receipt is then issued.

The offender has a limited time, as provided by law:

- To settle the amount of the transaction which includes:
 - o A possible payment for the Ski Pass;
 - o The lump sum payment;
 - o Administrative fees, in accordance with the provisions of article 529-4 of the Code of Criminal Procedure;
- Or to send a letter of contestation to the Operator.

If payment is not made within the legal deadline and a contestation is not filed, the offender is subject to criminal prosecution in accordance with the provisions of Article 529-5 of the Code of Criminal Procedure.

Finally, the fraudulent use of a Pass (expired, falsified, counterfeit, lent or given to another person, used by a third party...) shall result in its immediate withdrawal and, if required, the filing of legal proceedings.

ARTICLE 3. DEFECTIVE PASS CARDS

User instructions: To allow the transmission of encoded information during the passage to the control terminals, the Title must be worn on the left and preferably remote from a mobile phone, keys and any form of packaging composed in whole or in part of aluminium. The card must not be bent, torn or placed near a heat source.

Should the card fail to function or prove technically defective during its period of validity (so three years), the Operator will replace the card, at his cost, from the date of return of the latter at one of the Operator's points of sale.

Nevertheless, after verification, if the defectiveness of the Ski-Card is due to the User (e.g. disregarding the user instructions),

the Operator shall charge the Client the sum of ten Euros including all taxes (€10 all taxes included), which covers processing fees (8€ all taxes included) and replacement fees (2 € all taxes included) for the unusable card.

ARTICLE 4. LOSS OR THEFT OF PASSES

4.1. Information to provide

In the event of loss or theft of a Pass for a residual duration equal or greater than one (1) day, the User must submit a declaration at the Operator's point of sale and must present his valid ID and a proof of purchase containing at least the Ski-card number.

4.2. Processing fees

To obtain a duplicate, the User must also pay a **processing fee** at the fixed rate of eight euros including all taxes (€8, all taxes included), as well as the sum of two euros including all taxes (€2, all taxes included), which corresponds to the cost of the duplicate Pass (Ski-card).

4.3. Issuing a duplicate

- Any Pass officially declared by the User as lost or stolen to the Operator, will be deactivated by the latter and will no longer allow access to the ski area.
